I/We have the authority to bind the Corporation

Norfolk Vacant Land Condominium Corporation No. 49
(the "Corporation")

By-law No. 2

A By-law Approving an Easement in favour of Hydro One Networks Inc.

WHEREAS section 21 of the *Condominium Act, 1998*, (the "**Act**") provides that a condominium corporation may by by-law grant or transfer an easement or license through the common elements;

AND WHEREAS Hydro One Networks Inc. ("**Hydro One**") requires an easement in the form appended as Appendix A hereto (the "**Hydro One Easement**") to provide hydroelectric power and related services and equipment to the units and common elements comprising Norfolk Vacant Land Condominium Plan No. 49 (the "**Plan**");

AND WHEREAS the board of directors ("**Board**") of the Corporation has determined it is necessary for the effective completion of development and operation of the Plan, and the comfort and enjoyment of all future homeowners and residents of the units in the Plan, that the Hydro One Easement be granted;

NOW THEREFORE:

1. The Corporation hereby grants unto Hydro One the Hydro One Easement and authorizes the Board to direct and see to the registration thereof in substantially the form appended hereto against title to all of the units of the Plan in accordance with subsection 56(10) of the Act.
2. Any provision in any existing by-law of the Corporation that addresses or otherwise deals with the matters set out herein is hereby deemed amended so as to comply and be in accordance with the provisions of this by-law.

APPENDIX A

PROPOSED EASEMENT IN FAVOUR OF HYDRO ONE NETWORKS INC.

INTEREST/ESTATE TRANSFERRED – EASEMENT IN GROSS

1. The Transferor hereby grants to Hydro One Networks Inc. (herein called the "**Transferee**"), its successors and assigns, the perpetual rights, easements, rights of way, covenants, agreements and privileges as herein set out in, through, under, over, across, along and upon the units and common elements of Norfolk Vacant Land Condominium Plan No. 49, being the lands legally described as Units 1 through 63 (both inclusive) of Norfolk Vacant Land Condominium Plan No. 49, and their appurtenant common interest (the "**Lands**"):
 - a. To erect, maintain, operate, repair, replace, relocate, upgrade, reconstruct and remove at any time and from time to time, an electrical transmission line or lines and communication line or lines consisting of poles and anchors with all necessary guys, braces, wires, cables, padmount equipment, if necessary, underground cable and associated material and equipment (all or any of which works are herein called "the **Line**");
 - b. To enter on and erect, maintain and use such gates as the Transferee may from time to time consider necessary in any fences which are now or may hereafter be installed on the Lands by the Transferor;
 - c. To enter on and mark the location of the Line under the Lands by suitable markers, but said markers when set in the ground shall be placed in fences or other locations which will not interfere with any reasonable use the Transferor shall make of the Lands;
 - d. (i) to enter on and selectively cut trees and shrubs on the Lands and to keep it clear of all trees, shrubs and brush which may interfere with the safe operation and maintenance of the Line;

(ii) in the event that the Transferor is the registered owner of lands adjacent to the Lands (the "**Adjacent Lands**"), and subject to payment of additional compensation therefor, to cut, prune and remove, if necessary, trees located on the Adjacent Lands whose condition renders them liable to interfere with the safe operation and maintenance of the Line;
 - e. To conduct engineering and legal surveys in, on and over the Lands;
 - f. To clear those portions of the Lands on which the Line is located and keep such lands clear of all buildings, structures or other obstructions of any nature whatsoever (including swimming pools and wading pools) including removal of any materials which in the opinion of the Transferee are hazardous to the Line. Notwithstanding the foregoing, in all cases where in the sole discretion of the Transferee the safe operation and maintenance of the Line is not endangered or interfered with, the Transferor from time to time or the person or persons entitled thereto, may with prior written approval of the Transferee, at the Transferor's own expense construct and maintain roads, lanes, walks, drains, sewers, water pipes, oil and gas pipelines and fences (not to exceed 2 metres in height) on or under the Lands or any portion thereof, provided that prior to commencing any such installation, the Transferor shall give to the Transferee 30 days' notice in writing so as to enable the Transferee to have a representative inspect the site and be present during the performance of the work and that the Transferor complies with any instructions that may be given by such representative in order that such work may be carried out in such a manner as not to endanger, damage or interfere with the Line. For clarity, the Transferor agrees it shall not, without the Transferee's consent in writing, change or permit the change of the existing configuration, grade or elevation of those portions of the Lands on which the Line is located and the Transferor further agrees that no excavation or opening or work which may disturb or interfere with the existing surface of those portions of the Lands on which the Line is located shall be done or made unless consent therefore in writing has been obtained from Transferee;
 - g. To enter on, to exit from and to pass and repass at any and all times in, over, along, upon, across, through and under the Lands as may be reasonably necessary, at all reasonable times, for the Transferee and its respective officers, employees, workers, permittees, servants, agents, contractors, subcontractors, with or without vehicles, supplies, machinery, plant, material and equipment of all purposes necessary or convenient to the exercise and enjoyment of the said rights and easement subject to payment by the Transferee of compensation for any crop or other physical damage only to the Land caused by the exercise of this right of entry and passageway; and
 - h. To remove, relocate and reconstruct the Line on or under the Lands, subject to payment by the Transferee of additional compensation for any damage caused thereby.

2. This Transfer of Easement shall be subject to The Planning Act, R.S.O. 1990, c. P. 13, as amended.
3. This Transfer of Easement is given for the purpose of an electricity distribution or electricity transmission line within the meaning of Part VI of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15. Sched B, as amended.
4. The Transferor agrees that notwithstanding any rule of law or equity, the works installed by the Transferee shall at all times remain the property of the Transferee, notwithstanding that such works are or may become annexed or affixed to the Lands and shall at any time and from time to time be removable in whole or in part by Transferee.
5. No waiver of a breach or any of the covenants of this grant of Rights shall be construed to be a waiver of any succeeding breach of the same or any other covenant.
6. All covenants herein contained shall be construed to be several as well as joint where the context or the identity of the Transferor/Transferee so requires.
7. The burden and benefit of this Transfer of Easement shall run with the Lands and the works and undertaking of the Transferee and shall be binding upon and endure to the benefit of the parties hereto, and their respective heirs, executors, administrators, successors and assigns.
8. Notwithstanding anything contained herein to the contrary, the Transferee acknowledges that the Transferor shall be constructing residential dwellings on the Lands and provided that such residential dwellings are constructed based on plans as approved by the Municipality and do not interfere with the safe operation and maintenance of the Line, the Transferor shall not have to obtain approval from the Transferee pursuant to the terms herein and the construction of such residential dwellings shall in no way be deemed to contravene the terms of this Easement.
9. The Transferor acknowledges that the Transferee has minimum clearance requirements with respect to the distance between the Line and any structures, buildings, dwellings and/or landscaping (the "**Clearance Requirements**"). The Transferor covenants and agrees that the Transferor shall abide by all then current Clearance Requirements.
