Ahmad Adam is a partner in the firm's Structured Finance and Securitization Specialty Group. He primarily practices in the areas of banking, finance, corporate and securities law. His broad corporate finance practice includes public and private securitization, structured finance, banking, secured financing and derivative

products transactions. Ahmad represents a range of market participants, including domestic and foreign banks, investment dealers, issuers, investors and trustees in transactions involving a variety of asset classes, including credit card receivables, residential and commercial mortgages, auto loans, equipment loans, retail installment contracts, trade receivables and insurance receivables. Ahmad takes pride in his professional affiliations with multiple active memberships.
