## Biographie

Carla is a Corporate Law Clerk in the Miller Thomson LLP London Office. She has experience assisting in many corporate transactions, including incorporations, amalgamations, dissolutions and corporate changes for both Provincial and Federal Corporations. She is also responsible for minute book maintenance including annual resolutions, dividend declarations, annual returns and individuals with significant control registers. Part of her experience includes completing due diligence searches and reporting to the necessary parties. Carla ensures effective communication with lawyers, accountants, lenders and agents in order to provide a positive and seamless experience for clients.

Carla has also been a student mentor with the Fanshawe College Law Clerk program. She has enjoyed her time guiding and supporting future Law Clerks.

Prior to joining the Corporate Law Department, Carla was a law clerk in the real estate department working on numerous residential and commercial transactions. For many years, she worked with a home builder client with respect to large scale lot purchases, subsequent home sales and financings. Although she has not been actively working in Real Estate, she has a thorough knowledge and experience in this role.
