Widely recognized as a top E-Discovery practitioner, Danny's background in Biological Sciences from the University of Guelph gave him the ability to understand and quickly adapt to different challenges. Starting in IT, he was able to take part in the evolution of technology in the legal space. His experience in both law firm and service provider environments has given him a unique perspective on the implementation of technology by legal teams, and he's been acknowledged as an industry leader in the eDiscovery space.

A Relativity Master certified across various specialties and is a certified e-discovery specialist (CEDS), Danny's expertise has also been acknowledged by Who's Who Legal's Canada Guide, showcasing his dedication to excellence in E-Discovery practice.

Danny is an active member of the International Legal Technology Association, enriching his global network and staying at the forefront of legal tech advancements.
