Biography

Satinder offers nearly two decades of valuable experience in Trade & Customs, advising clients on a range of customs programs including Valuation, Classification, Origin, Import & Export Controls, and Sanctions. His services encompass crafting duty minimization strategies, mitigating risks, navigating CBSA processes, aiding in investigations, and supporting legal teams in CITT arguments. With a background at CBSA and public accounting firms, Satinder brings a wealth of knowledge to the table.

With an impressive track record at CBSA and top accounting firms, Satinder excels in guiding clients through the intricate landscape of customs processes. His ability to develop tailored strategies for duty minimization and risk mitigation sets him apart, enabling clients to navigate through intricate customs matters with confidence.

Satinder's extensive background as a Trade Verification Officer with CBSA and a consultant at prestigious accounting firms underlines his deep understanding of customs intricacies. Clients benefit from his proficiency in navigating complex customs regulations, devising effective strategies to reduce duties, and providing invaluable support in various trade-related investigations and appeals.
